

**Partial Sum of Arithmetic Sequences****Numeric Response**

1. Find the partial sum to term 29 for the following sequence:  
 $-9, -5, -1, 3, \dots$
2. Find the partial sum to term 20 for the following sequence:  
 $-2, -4, -6, -8, \dots$
3. Find the partial sum to term 27 for the following sequence:  
 $-8, -16, -24, -32, \dots$
4. Find the partial sum to term 28 for the following sequence:  
 $9, 3, -3, -9, \dots$
5. Find the partial sum to term 12 for the following sequence:  
 $1, 10, 19, 28, \dots$
6. Find the partial sum to term 18 for the following sequence:  
 $-7, -3, 1, 5, \dots$
7. Find the partial sum to term 14 for the following sequence:  
 $8, 17, 26, 35, \dots$

## Partial Sum of Arithmetic Sequences
