

Congruence statements

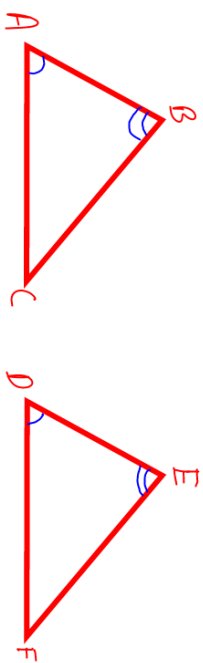

CPCTC

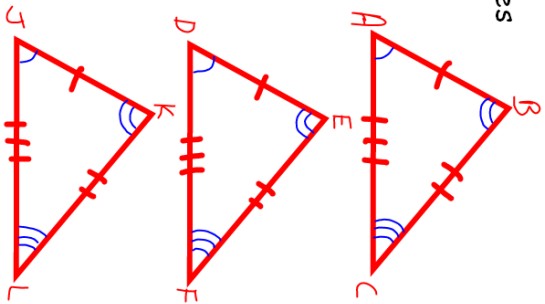

Congruent triangles

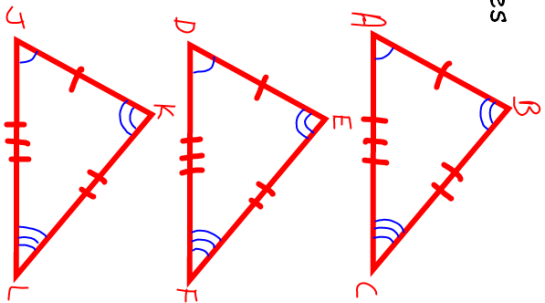

Third Angles Theorem

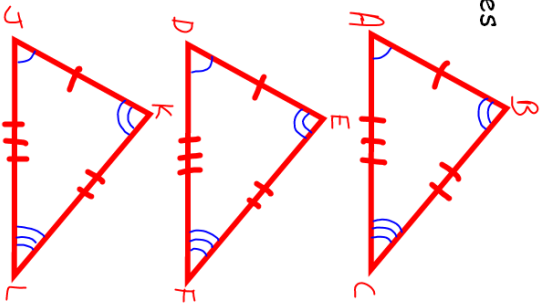

Reflexive property of congruent triangles

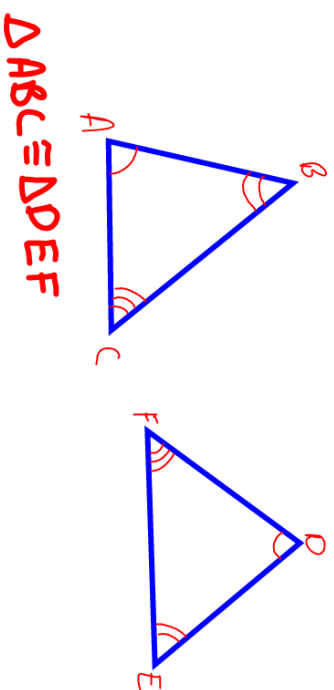

Symmetric property of congruent triangles

Transitive property of congruent triangles

List the congruent parts for the two congruent triangles.

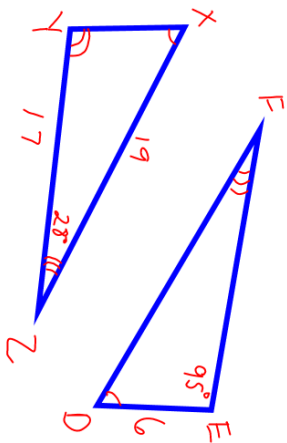

List the congruent parts for the two triangles

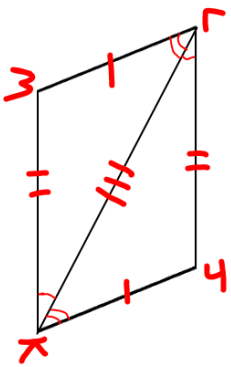

$$\triangle SKL \cong \triangle XYZ$$

Find the measures for the parts that are not given.

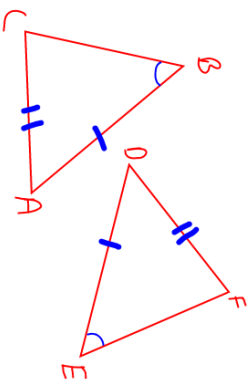

$$\triangle DEF \cong \triangle XYZ$$

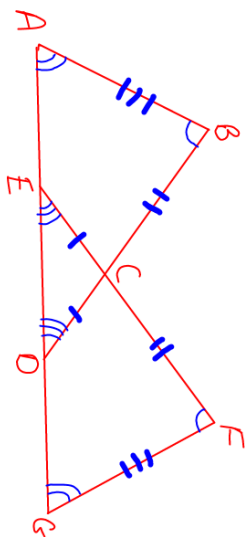

Name two congruent triangles.

Name two congruent triangles.

Name two congruent triangles.

Find the unknown value in the two congruent triangles.
