

Graph quadratic functions in intercept form

1. Graph the following quadratic function:

$$y = 3(x - 5)(x - 4)$$

Name: _____

ID: A

2. Graph the following quadratic function:

$$y = 2(x - 7)(x - 9)$$

3. Graph the following quadratic function:

$$y = 3(x - 6)(x - 8)$$

4. Graph the following quadratic function:

$$y = 3(x - 5)(x - 6)$$

5. Graph the following quadratic function:

$$y = -2(x - 7)(x - 5)$$

6. Graph the following quadratic function:

$$y = 3(x - 7)(x - 5)$$

Name: _____

ID: A

7. Graph the following quadratic function:

$$y = -2(x + 6)(x + 7)$$
